

Summer in Region Six

Hello to all in ASHHRA Region Six!

I hope you are all doing well and enjoying the summer! It always seems like the summer months go by quicker than the other seasons. I suppose it has to do with the number of things we try to cram into our daily lives when the weather is warm or hot and the daylight hours longer. In any event, be safe and have a good time whatever you are doing. HR people need to take some time for themselves to relax and enjoy time away from the demands of the office. So my advice to you is don't forget to take some time out for yourself.

There are many things going on in ASHHRA and I would love to be able to expand on each of them, but space does not permit. So if you haven't already done so please take a few minutes to check out www.myashhra.org. This new web sight has been a while coming together and it is a works in progress but some of the things you can do are so versatile, informative and fun. Add to that the networking and you have the makings of a great tool for your work life. I hope you will spend some time looking around myashhra.org.

The ASHHRA annual meeting is coming sooner than we want to think about, but now is the time to register and make your reservations for the meeting in Chicago. You can find out how to register at—you guessed it... www.myashhra.org

In July the Kansas Hospital Human Resources Association is hosting a regional networking meeting for state chapter board members open to anyone in Region Six . The meeting will be July 23-24 in Overland Park , Kansas. We have developed a program which is designed to assist state chapters with organizational development, finances, meetings and conferences, chapter management, communications, personal development and best of all we have allowed ample time for networking and some socializing time. I think it will be a great time, very relaxed yet informational. If you or someone from your organization would like to attend please contact me.

Happy July 4th!
